ABOUT THIS DEGREE PROGRAM

The Master of Business Administration program (Master of Business Administration in Management program in New York) blends management theory with real-world applications, emphasizing practical skills and concepts businesses demand from management professionals. Providing a comprehensive business education, the program is designed to enable students to develop management expertise and advance their knowledge and skills in areas such as corporate management, directing cross-disciplinary endeavors and integrating functions across the business enterprise.

The MBA program requires successful completion of 48 semester-credit hours. To provide flexibility in customizing the program to meet professional and personal goals, the program includes 18 elective credit hours, 12 of which may be used to complete a concentration. Total program length varies based on the number of courses taken per eight-week session.

Concentrations offered within the MBA degree program:

- Accounting
- Business Intelligence and Analytics Management
- Entrepreneurship
- Finance
- General Management
- Global Supply Chain Management
- Health Services
- Human Resources
- Information Systems Management
- Marketing
- Project Management

courses

GLOBAL SUPPLY CHAIN MANAGEMENT CONCENTRATION

In order to compete in our fast-paced, growing economy, businesses rely on global supply chain management practitioners for efficient strategic procurement, product/service creation, and fulfillment operations across the global supply chain.

Our MBA with a concentration in Global Supply Chain Management offers you the opportunity to study optimal supply chain and operations management processes. Designed to prepare students for management and leadership roles in global supply chain management, students can learn a broad range of concepts to provide them with a practical, comprehensive foundation in end-to-end supply chain management with a special emphasis on global relationship management.

Graduates of this program may consider career fields including, but not limited to, the following:

- Operations Analysis and Management
- Logistics, Warehouse, and/or Distribution Management
- (Global) Transportation Management
- Industrial Production Management
- Procurement/Sourcing Management
- Purchasing Management
- Loss Prevention Management
- Supply Chain Operations, Analysis or Management

CONCENTRATION-SPECIFIC COURSES

4
of these
courses

GSCM520	Foundations in Global Supply Chain Management
GSCM530	Global Supply Chain Resource Planning and Management
GSCM540	Relationship Management, Procurement and Sourcing Strategy
GSCM550	Logistics, Distribution and Warehousing
GSCM560	Supply Chain Management Decision Support Tools and Applications
GSCM588	Managing Quality

HEALTH SERVICES CONCENTRATION

The expanding health services industry needs motivated leaders who have comprehensive knowledge of health services policies and procedures.

Our MBA with a concentration in Health Services is designed to help you gain a fundamental understanding of the healthcare system. Courses examine legal and ethical issues in healthcare from a managerial perspective, the unique features of healthcare finance, the relationship between healthcare economics and public policy, and the development of managed care approaches. In addition, you can acquire important, up-to-date insight on insurance and risk management-related concerns. Our MBA with a concentration in Health Services can also give you marketable perspectives on the trends and issues impacting the evolution of health insurance and managed care.

Graduates of this program may consider career fields including, but not limited to, the following:

- Administrative Services Management
- Health or Medical Services Management
- Regulatory Affairs and Compliance

CONCENTRATION-SPECIFIC COURSES

of these
courses

HSM541	Health Service Systems
HSM542	Health Rights and Responsibilities
HSM543	Health Services Finance
HSM544	Health Policy and Economics
HSM546	Managed Care

Note: The University's MBA program with a concentration in Health Services is not designed to prepare graduates for nursing home, assisted living facility, long-term care or home care administrator positions. Students interested in practicing a regulated profession must contact the appropriate state regulatory agency for certification or licensure requirements. For instance, in Virginia certain educational and training requirements must be satisfied for initial nursing home administrator licensure or initial assisted living facility administrator licensure; Keller's program does not satisfy the educational and/or training requirements.

HUMAN RESOURCES CONCENTRATION

If you're pursuing a career in human resources, keeping your competencies and resume up to date is important. Our MBA with a concentration in Human Resources is designed to help you hone your skills in areas such as planning, staffing, rewarding and developing talent, and cultivating an organization's people and culture. In addition to your focused area of study, you can gain presentation skills and experience in corporate-level communication, and learn management theory and business acumen.

Graduates of DeVry University's Keller Graduate School of Management Business Administration program concentrating in Human Resources may consider management and leadership roles in the areas of employee compensation, benefits analysis and administration, labor relations, training and development, and other areas of employee analysis and management.
